# CLUB QUEEN FEATURED ON MONSTER ENERGY WEBSITE

At first glance, you might think that Shireen Aida Khan is nothing more than a college student out for a night of fun with friends. That is, until she steps behind the console. It's then that she transforms into the "Club Queen."

Yes, the woman known as "DJ Shireen" has accomplished a lot in a relatively short period of time. She broke out onto the DJ scene at the young age of 19 back in 2005. At the time, she was India's youngest female DJ. It didn't take her long to start working her way up. Today, she's one of the best known DJs in the country. That's evidenced by her ranking as "Top 10 DJs in India" by Exhibit Magazine and "No. 1 Female DJ" by Web. But DJ Shireen may still just be getting started.

 DJ SHIREEN

One moment you see her chilling with Friends and you might mistake her for a college student, but the fact is she's one of India's most loved and revered figures in the DJing Industry, and also one of the brightest. Starting out as India's youngest female DJ, back in 2005 ; Shireen soon shot up the popularity charts thanks to her electrifying presence behind the console. Not one to be afraid of experimenting, Shireen has gained an impeccable reputation for absolutely rocking the crowd with her signature style of music one night after another, one place after another, within INDIA and most countries abroad.

A logo for DJ Shireen. It features a stylized graphic of a DJ's head with a turntable on top, followed by the text 'DJ SHIREEN' in a bold, sans-serif font.

Residing in Mumbai, this multi-talented girl has been called to perform in various clubs of Mauritius, Dubai, Doha, Bahrain, Kuwait, Singapore, Tanzania, Bangladesh, Nepal, Mumbai, Delhi , Kolkata, Bangalore, Hyderabad, Goa, Vizag, Pune, Noida, Chandigarh, Jaipur, Shillong, Guwahati, Lucknow, Nagpur, Raipur and Indore to name a few. The fact that most clubs have repeated her gigs more than once might be able to explain why she has earned the title of a “Rockstar DJ” over the years.

### DJ Shireen

Shireen threw her hat in the party ring since her college days. Though a Mumbai resident, her heart lies in Singapore. "People in Singapore understand any genre that the DJ plays. I play Bollywood but I throw in a lot of Hip-Hop and Rock. I end with Electronic Dance Music (EDM)," Shireen says, who also loves Club Kismet (Hyderabad) and iBar (Bengaluru). "After Mumbai, my pick would be Bengaluru and then, Hyderabad," says Shireen, who is also one of the first Indian female DJs to have cut an EDM album named One last year.
